

Koraes Fall Clubs 2018-19

Koraes is offering after school enrichment clubs for the 18-19 school year. Please talk with your child regarding the opportunities available. Some clubs will begin the week of September 17 and others will have different start weeks. Once your child has signed up, the sponsor will send information via email regarding dates and other pertinent information. Forms are due September 14. Please turn in registration early so we can determine if the club will begin or if it will need to be cancelled. Clubs need to meet the minimum participation or the club will be cancelled.

Strings and band information will be sent home on different forms.

Please return the entire form to the office with payment.
